What's new for 2026

Intro 1037-2024 “Rent Transparency Act”

Requires buildings containing **rent-stabilized units** to post a sign at the building entrance indicating that the building has rent-stabilized units, how to check registration with NYC DHCR, and contact info. The sign must be in English and Spanish (and other languages as required). The law is expected to take effect approximately **210** days after the mayor's signature, placing compliance in late **January 2026**.

Steam Radiator Inspections

NYC will require steam radiator inspections in multiple dwellings.

Local Law 49 of 2025

Updates to the Local Law 11 (Façade Inspection & Safety Program, FISP) inspection cycle: Beginning October 1, 2026, the cycle may be extended from the traditional 5 years to a period between **6 and 12 years** for certain buildings.

Intro 904-A “Proactive Inspection Program”

Establishes a **risk-based structural inspection** program for residential buildings. Under the measure, the New York City Department of Buildings (DOB) will create rules for when inspections are required based on risk factors (violations history, building data, etc.)

Official NYC BIN

Requires use of Official NYC BIN By **June 2026**.
